Engaging Students & Quality Assuring Homework

The learning platform supporting Denmark Road through closures and beyond

T. Mannion Assistant Headteacher Denmark Road High School

Denmark Road High School is a girls' grammar school with academy status in Gloucester. We understand that we are preparing our young people to embrace more opportunity and face more complex challenges than ever before. It is our purpose to ensure our young people leave us as empowered individuals ready to move forward with confidence, curiosity, integrity and commitment. We Discover, Realise, Honour and Shape every day.

How did you use Satchel One during the national lockdown to continue teaching and learning?

It was an essential part of our teaching & learning process. Satchel One provided students access to some many valuable tools at home - not least of all access to their amended timetables.

What is the greatest benefit your school has seen since using Satchel One?

Quality assurance - high-quality homework and online tasks are now easily created and shared throughout the school. We also have a clear insight into student engagement with tasks and the quality of tasks being set by staff.

Any additional comments?

Parental feedback has been a real strength for the school. High proportions of parents monitor their child's progress through Satchel One and this in turn keeps engagement high.

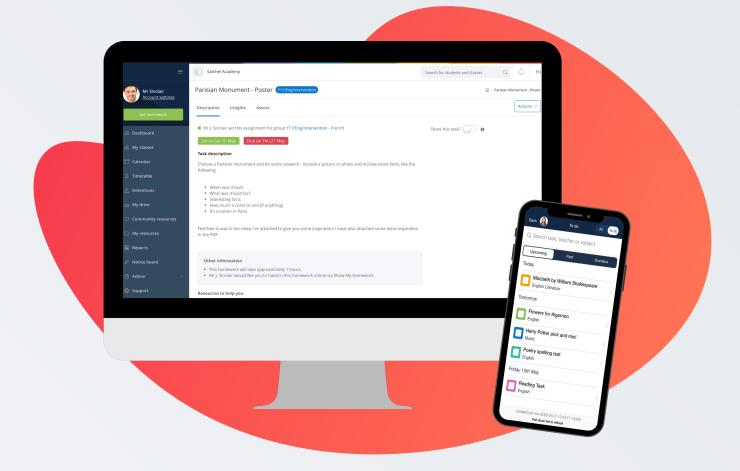

Additionally, online marking and submission was greatly appreciated by students and staff alike during lockdown, and has now become a key feature we continue to use.

Would you recommend Satchel to another school?

How satisfied are you with your Satchel One experience so far?

Very satisfied!

satchel:

100%, yes.
